NO DULL DRAGS AT TRACK MEET

MANAGER HANSON WORKING ON IMPROVEMENTS.

ALL EVENTS BETWEEN 1:30 AND 5 O'CLOCK

Schedule of Events With Record and Record Holder, Also Number in Each, Given.

The visitors to the big track meet here Saturday are going to be agreeably surprised at the improvements which have been made by the management this year to make the meet go off with dispatch and with the order so necessary in an event of that kind.

Manager Walter Hanson will call all the boys and young men entering the events into a conference at 11 o'clock Saturday morning to explain the regulations. The chief one of these is that all the contestants must stay within an arena near the center of the field, which will be roped off for the entries.

When the clerk of course calls for the entries in any event, they must be within the arena and come forth at once or they will not be permitted to compete. Much trouble has been experienced formerly in getting all the contestants together when the time for an event came.

The finish of the dashes will be immediately in front of the grand stand as usual. The pole vault, jumps, and similar events will be just across the track. The Fourth Regiment band will be in a stand in the east part of the field. The weights events will be carried on on the north side of the field.

No One Allowed Inside Field.

The city marshal and other special officers will assist the marshal of the course in seeing to it that the track and field is kept absolutely clear of everyone except the contestants and officials. No one except those with an official ribbon will be allowed to enter. This will make it possible for those in the stands to see every finish and all the contests.

Ticket booths will be placed just in front of the Normal building and at the east side. Tickets will be collected at the two gates to the grand stand and at any automobile gate. All these plans are being carefully made by Mr. Hanson and his assistants.

An indication of the size of the meet and the good competition which will be afforded is given by the following list of the number entered for each event: 100 yard dash, 42; pole vault, 18; shot put, 32; 120-high hurdles, 11; discus, 32; 220-yard dash, 52; running high jump, 34; hop, step and jump, 25; half-mile run, 33; 220-low hurdles, 20; running broad jump, 36; 440-yard dash, 41; standing broad jump, 22; relay, 74 separate entries from 14 schools.

The following high schools will enter a relay team: Weston, St. Joseph Central and Benton; Stanberry, Savannah, Ridgeway, Platte City, Breckenridge, Chillicothe, Gallatin, Liberty, Maryville and New Hampton.

Here's Time of Events.

The events will be run off in the following order and again the management wishes to say that there will be no dragging. The standing record in each event which the athletes will try to lower is also given with the year in which it was made and by whom.

100-yard dash: trials, 1:30; finals, 2:15. Niedorp, St. Joseph Central, 1913, in 0:00.10 1-5.

Pole vault: 1:30. Younger of Maitland, 1915, 10 ft. 8 in.

Shot put: 1:30. White, Tarkio, 40 ft. 8½ in.

120-high hurdles: trials, 2:00, finals 3:15. Rice of St. Joseph Central, 1914, 0:00.17.

Discus: 2:15. Burkhart, Albany, 1912, 108 ft. 11 in.

220-yard dash: trials, 2:45; finals, 3:30. Niedorp, St. Joseph Central, 1913 0:00.23 4-5.

Running high jump: 2:45. Simpson, Bosworth, 1913, 5 ft. 6¼ in.

Hop, step and jump: 3:30. Simpson, Bosworth, 1913, 42 ft. 3¾ in.

Half-mile run: 3:45. Saville, Grant City, 1914, 0:02.9 4-5.

220-low hurdles: trials, 4:00; finals 4:45. Castle, St. Joseph Central, 1914, 0:00.27 2-5.

Running broad jump: 4:00. Simpson, Bosworth, 1913, 21 ft. 1¼ in.

440-dash: 4:30. Sellers, St. Joseph Central, 1914, 0:00.55.

Standing broad jump: 4:30. Simpson, Bosworth, 1913, 10 ft. 2½ in.

1914, 0:01.40 3-5.

Relay at 5 o'clock. St. Joseph Central team in 1914 set record of 1 mile in 40 3-5 seconds.

Simpson First Starred Here.

In view of the fact that Robert Simpson of Bosworth, world's famed athlete who tops the hurdles for the University of Missouri, first came into prominence for his work in the track meet here in 1913, all participants will watch with great interest the work of a younger brother, J. Simpson. He is entered from Bosworth in the 100, 220 and 440 dashes and the running broad jump.

From the foregoing it will be seen that Simpson's great record here were in the four jumping events. He has since become a world record holder

WOMAN SHOOTS MAN

MRS. JOHN EDWARDS SAYS WALTER POLLOCK INSULTED HER.

WILL PROBABLY RECOVER

Clearmont Man Was in Court on Similar Charge in 1906—Mr. Edwards Was in Clarinda.

Walter Pollock, who lives six miles east of Clearmont, was shot and dangerously wounded by Mrs. John Edwards, a neighbor living a half mile away, about 3 o'clock yesterday afternoon. She alleges that Pollock came to her home and insulted her.

Mr. Edwards was in Clarinda but a 15-year-old boy was at home. The shot was from a .22 calibre rifle and entered Mr. Pollock's breast and ranged downward within an inch and a half of the lower side of the heart. The bullet has not been found yet.

After he was shot, Pollock walked the half mile to his home and called Dr. H. S. Dowell. He merely told the physician to come out as soon as possible.

When he arrived, Pollock stated that he wanted to be looked over as he thought that he was seriously hurt. When the bullet wound was discovered by the doctor, Mr. Pollock stated that he had been shot by Mrs. Edwards. His condition is serious but it is believed that he has a good chance to recover unless complications set in.

Mrs. Edwards called Rolla Blaine, constable of Lincoln township, and offered to give herself up. No arrest had been made at 3 o'clock today. So far as can be learned, both of the principals in the shooting are refusing to talk, except that Mrs. Edwards continues to assert that she was grossly insulted.

Mr. Pollock is married and has one child. Mrs. Edwards is the mother of several children. The case created great excitement, of course, in the entire township as well as in Clearmont and the immediate neighborhood.

Pollock Twice in Court.

Pollock had a suit against him at the April term of circuit court in 1906 filed by Felix Johnson, and charging him with carnal knowledge of Johnson's daughter, Grace Johnson. A jury gave a verdict for $2,350 for Johnson.

Another case against Pollock was that of the state of Missouri as plaintiff, charging Pollock with taking a promissory note from C. W. Miller, which Pollock had given him.

MANY H.S. CHANGES

WESTBROOK, M'GREW AND BECKER WILL NOT RETURN.

OTHER VACANCIES ALSO

Coach Paul Becker Will Not Be Re-Elected and Miss Virginia Robertson Will Retire.

A vacancy exists in the office of superintendent of schools of Maryville, as W. M. Westbrook will not be a candidate for re-election. This announcement was made by the officers of the school board following a meeting last night.

It was also announced that George P. McGrew, principal of the high school, has resigned. The resignation will not take effect until the end of the present school year. He has been principal here only the one year.

Mr. Westbrook has been superintendent of the public schools for two

W. M. WESTBROOK.

years, succeeding Prof. Charles A. Hawkins, who accepted a position with the State Normal school. Before that time Prof. Westbrook was principal of the high school for a term of one year.

The board is now seeking applications from competent persons for these places, and probably a selection will be made within the next few weeks.

It is also understood that Prof. Paul Becker of the manual training and

GEORGE P. M'GREW.

physical education departments of the high school will not be re-elected.

Miss Virginia Robertson of the department of English will not seek re-election, as she expects to spend a year of rest at her home in Kansas City. She has been in the M. H. S. faculty two years.

Miss Mabel Wells, teacher of Latin, is undecided whether she will seek re-election or not. She is thinking of applying for a place at Lockland, Nev., where her sister, Miss Edith Wells, is teaching.

With these four or five vacancies, the most radical and sweeping changes which have been made in many years will be made in the faculty of the Maryville high schools. It is believed that all the other places will be filled by the present incumbents.

MUST HAVE $85,000

SO COUNTY COURT MADE CORRESPONDING LEVIES.

HOW TAXES ARE DIVIDED

New Road Petition 3½ Miles North of Pickering Meets Opposition—Hearing July 6.

The county court in session today estimated that it would take $85,000 to defray the current expense of the county for the year 1917, and ordered a county tax of 50 cents on each $100 valuation on all taxable property, including railroads, telegraph and telephone companies, and also merchants' statements, in Nodaway county.

The township levies exceed the constitutional and statutory limits, and the county tax will be apportioned between the county and township organizations, 20 per cent to township organization and 80 per cent to the county organization. A levy of 18 cents on the $100 valuation was ordered as a state tax, 15 cents being for state revenue tax, 1 cent for state interest tax and 2 cents for state capital building tax.

The county fund is divided as follows: 17-80ths to the pauper fund; 15-40ths to the road and bridge fund; 13-80ths to the salary fund; 2-40ths to the jury fund; 8-40ths to the contingent fund.

The county clerk was ordered to extend on the tax books for each township 25 cents levy as a special road and bridge levy on the $100 assessed valuation, including railroads, telegraph and telephone companies and merchants' statements as certified by the townships of the county.

The Township Levies.

The levy for Union township for the principal and interest on the township road bond issue is 40 cents on the $100. The levy for Polk township for the road bond issue was ordered at 10 cents levy for sinking fund and 10 cents on the $100 for the interest fund.

The school levies as certified to the county clerk by the clerks of the various school districts over the county were ordered.

Joseph E. Reese has been appointed by the court as county highway engineer to succeed himself. His salary was placed at $300.

A petition from a number of residents of Washington request the court to appoint George C. Weathermon of that township for justice of the peace to succeed the late W. H. Watson, whose death occurred recently.

Seeking New Union Road.

Those seeking a new road three miles and a half north of Pickering and those remonstrating against the opening of the highway were before the country court today. A hearing was set for July 6. The new road would run from a point a mile east and three miles and a half north of Pickering to the road which crosses the railroad about four miles north of that town by a north and west turn.

All those owning land along the proposed road have signed the petition for it. This petition contains twenty-nine names and the remonstrance forty. The petition is headed by William Alexander, Seth Nicholson, J. M. Davis and G. G. Downing. Maud M. Hamblen, A. L. Pistole, Olin Pistole and J. P. Carter head the remonstrance.

The hearing on the vacating of the Maltby road, west of Dawson, brought a large crowd of farmers from that section before the court today.

MAY VOTE LIGHTS MAY 23

Burlington Junction Town Board Will Meet to Set Date for Election Probably.

Burlington Junction will probably vote May 23 upon the granting of a franchise to the Maryville Electric Light and Power company to take over the city plant there and furnish the current from the Maryville plant. The city council will meet there tonight, and it seems certain that they will set that date for the election.

C. C. Hellmers, manager of the company, went to Burlington Junction last night with George Robb Ellison, attorney, and a final discussion of the matter was held with the Burlington Junction authorities.

C. BENNETT IS SUED

IDA LABEL ASKS $5,000 FOR BREACH OF PROMISE.

SAYS HE'S CHILD'S FATHER

Conception Junction Girl Was Attending Normal Here—Suit Filed Today by Ellis G. Cook.

Suit for $5,000 damages was filed by Miss Ida Label of Conception Junction against Chester Bennett. She alleges that he is the father of her child, but has steadfastly refused to fulfill his promise to marry her.

The plaintiff states that on or about February 1, 1915, Bennett began to keep company with her; that he sought her affection in every way and was her affianced, and that she at all times has been and is willing to fulfill her part of the betrothal. She was a student in the Maryville high school and the Normal during this time.

The suit is partly in the form of a breach of promise and partly a plain damage suit. She states that the birth of the child to her while unmarried has so blasted her future and the provision for the child is so great that $5,000 is necessary for the proper retribution and recompense.

Bennett was recently married. He is the father of a child by a former marriage, his wife having died several years ago. He was formerly city clerk of Maryville, during the first part of the administration of Mayor U. S. Wright.

Ellis G. Cook is attorney for the plaintiff. The suit was filed by him in the circuit clerk's office late this afternoon.

ANOTHER TRY FOR CONCERT.

Band Will Play Tomorrow Night in Court House Stand.

Prof. T. B. Maulding, leader of the Fourth Regiment band, is uncertain whether his first outdoor concert or the high school base ball games are the best producers of rain. At any rate he is going to be brave enough to announce another one for tomorrow night. He has a double hitch on the weather man this week, however. If the sky is too overcast tomorrow night the concert will be held Friday night. The band will play Saturday at the track meet.

CONFERENCES OVER

MEXICAN SITUATION NOW RESTS WITH CARRANZA.

BELIEVED COMPROMISED

U. S. Soldiers Will Remain 60 Days With Co-Operation, is Report of Meetings.

Special to The Democrat-Forum.

El Paso, May 3.—It was officially announced here that no further conference will be held between General Obregon and General Scott. Both sides are awaiting reply from their respective governments regarding agreement effected at last night's conference.

From reliable authority it was learned that the agreement was made that the American expedition would remain in Mexico without interference from the Carranza troops. Obregon granted permission for expedition to have full use of the Mexican Northern railroad, and promised co-operation as fully as possible with Pershing.

General Scott was unofficially reported to have set sixty days limit on presence of the Americans in Chihuahua.

Carranza Well Pleased.

El Paso, May 3.—A personal telegram was received from Carranza by Obregon stating that he had received the reports of the conferences and was giving them careful consideration. The de facto president expressed himself as well pleased with the progress of the negotiations of his chief with the United States generals.

Col. House in Secret Conference.

Washington, May 3.—Mystery is surrounding the hurried visit to the White House of Col. House, who came to Washington on the night train and was met at the station by the White House car and hurried to a breakfast with President Wilson. It is understood the president summoned Col. House presumably to discuss the international and Mexican situation.

IRISH LEADERS EXECUTED TODAY

"PRESIDENT" PEARCE, COMMANDER CONNOLLY AND ANOTHER.

COURT MARTIAL OF OTHERS BEING HELD

Birrel, Secretary for Ireland, Resigns Under Censure—Announced by Premier Asquith.

Special to The Democrat-Forum.

London, May 3.—Peter Pearce, who was proclaimed provisional president of the republic of Ireland; Charles Connolly, commander-in-chief of the rebel army, and one other leader of the insurrectionists whose name was not given, were executed in Dublin this morning.

This announcement was made by Premier Asquith in parliament this afternoon. The courtmartial of the other leaders is being held.

Irish Secretary Resigned.

London, May 3.—Augustine Bierreli has resigned as secretary for Ireland. The announcement was made following the conference with Premier Asquith. It was brought about by the Irish uprising.

He has held the post since 1907 and was charged especially by the press that by leniency in face of the gathering signs of the revolt had encouraged the Sinn Feiners and enabled them to make extensive preparations for the rebellion.

Will Execute Few Rebels.

The intimation is given in official circles today that few leaders of the Irish rebellion will be executed, in view of the present state of inflamed feeling in Ireland, and it is deemed expedient to deal leniently.

Sir Roger Casement has expressed a desire to be tried first "in order to set an example of fortitude and courage."

German Success Against Belgians.

Berlin, May 3.—Local successes against the Belgians in Flanders and the French in Argonne are reported in today's official announcement.

Closed Door for China.

Pekin, May 3.—Russia and Japan have agreed upon the closed door for China again. It is believed that the United States will oppose such a course vigorously.

Crown Prince Shifts Attack.

Paris, May 3.—The war office reported a lull in the infantry operations at Verdun while the crown prince shifted his attack further westward to the Argonne. The Germans launched an assault on the French position at Laharzee, using poisonous gas, and the war office states the assault was repulsed.

The Germans suffered heavy losses, it is thought, and the infantry action at Verdun has been lacking during recent hours. Violent artillery combats continued about the positions on the Meuse.

Aeroplanes Damaged Zeppelins.

London, May 3.—Fire from high angle guns from British aeroplanes believed to have badly damaged one Zeppelin, which raided the northeast coast of England and southeast coast of Scotland last night. The detailed statement from the war office on raid is anxiously awaited.

Spanish Steamer Sunk.

Coruna, Spain, May 3.—The Spanish steamer Winifred sank off the coast today with a loss of one life. It is believed to have been torpedoed.

Which Do You Prefer?

It is important for reasons of health and practical economy for every housekeeper to ask herself this question:

"Do I prefer a pure baking powder like Royal, made of cream of tartar derived from grapes, or am I willing to use a baking powder made of alum or phosphate, both derived from mineral sources?"

The names of the ingredients printed on the label show whether the kind you are now using or *any brand, new or old, that may be offered* is a genuine cream of tartar powder, or merely a phosphate or alum compound.

Royal Baking Powder contains no alum nor phosphate.

FIRE BLIGHT NOW

ORCHARD PEST CAN BE KILLED BEST IN SPRING.

MUST CUT AND BURN ALL

Pruning Tools Also Will Carry Affection From Tree to Tree.

Fire blight has appeared in the orchards this spring and every affected twig or branch should be removed before the disease has a chance to spread. During the last few years this disease has done a great deal of damage in pear and apple orchards and the Missouri agricultural experiment station finds it appearing again this spring. Its effects are not usually observed by the orchardist until May or June, when many of the fruit clusters and young twigs begin to die suddenly as if they had been scorched by fire. The earlier symptoms which should have warned him to cut back the diseased parts at once are the flow of a gum-like or even a thin sap-like liquid from the bark or the appearance of beads of honey-like material on the newly formed apples. This material may spread like a soft varnish, covering the fruits instead of remaining in beads.

The only known means of checking blight is to cut and burn all the affected parts before the disease is carried to the rest of the orchard by bees and other insects, or has a chance to spread through the twigs themselves. The pruning tools may carry the germs if not carefully disinfected by either dipping them into a 1 to 1,000 solution of corrosive sublimate, or wiping them with a rag or sponge which has been dampened with such a solution carried in a small bottle for this purpose. Corrosive sublimate—also called bichloride of mercury—may be purchased at any drug store in small bottles containing about twenty-five tablets apiece with directions for dissolving these tablets and making solutions of any desired strength.

Pruning tools should be disinfected after pruning each tree so that the disease will not be carried from tree to tree, and should be disinfected still oftener than this to avoid carrying the disease from one part to another of the same tree, as the pruner finds that he is cutting through diseased wood.

The blight usually passes the winter in pear trees, but may live through in Jonathan, Ingram, Yellow Transparent, and similar apple trees.

Orchards affected by blight last year should be very carefully watched now, and pear trees which show blight scars or cankers should be examined first of all. Blisters may form under the bark, then burst after the trees have begun to grow. From these places there flows the honey-like liquid which contains the bacterial germs of blight which bees and other insects are likely to carry from tree to tree. The bees carry these germs to the flower clusters of pears and apples and the newly formed fruits may have the beaded or varnished appearance which indicates that the spurs on which they are growing should be cut and burned at once.

The grower should not wait for the blighted parts to die and turn brown or black. To keep the blight from spreading through the whole orchard it is necessary to find and cut out the few early infections here and there. These early infections may be located by observing fruit clusters where the stems of the fruit look slightly discolored and show the sticky exudations.—J. C. Whitten, Missouri College of Agriculture.

SPECIAL WILL BE RUN.

St. Joseph and Intermediary Towns Come in Morning.

The Burlington will run a special train of five coaches to Maryville for the seventh annual track and field games of the Northwest Inter-High School association Saturday. The special will leave the union passenger station at 8:25 o'clock a. m., bearing the Central and Benton high schoo's track teams and rooters, and will pick up delegations from the towns en route. Every stop will be made with the exception of Arkoe, and the train is scheduled to reach Maryville at 10:20 o'clock. The return trip will be started at 7:05 p. m.—The News-Press.

MOST MONEY IN SHEEP.

So W. C. Townsend of Bolckow Tells Journal.

"Sheep have been the most profitable stock that could have been fed this year," said W. C. Townsend, an old-time stockman of Bolckow, Mo., who was in today with a load of cattle and hogs of his own raising. "I have raised cattle, hogs and sheep this season, and my sheep made me a better gain than the others. I did not have such a large number, but it would have been better financially for me if I had invested all my money in feeding lambs, and fed them. I am satisfied, though, as all stock is making the producer a substantial profit this season."—St. Joseph Stock Yards Journal.

Mrs. Holliday to Illinois.

Mrs. R. C. Holliday left last evening for Litchfield, Ill., where she will be the guest of her mother, Mrs. M. Clearwater, for several weeks.

Paul Fraser Undergoes Operation.

Paul Fraser, son of Elmer Fraser, will undergo an operation for appendicitis in a hospital in Kansas City this morning. Mr. Fraser left this morning for Kansas City to be with him.

"ICE CREAM Best by Test"

Recently tests were made by the State Normal School of ice cream made and sold in Maryville. Results of this analysis showed that the New York Candy Kitchen Ice Cream tested higher than any other, or to be exact

7% higher
Than The Next

This should be conclusive evidence of the high quality ice cream sold here. Made from the pure materials and under sanitary conditions there is no reason why our Ice Cream should not be pure.

Take home a quart of this Best by Test Ice Cream. It's great, 25 cents the quart.

"COL. HESA BIRD" SUES

List of Names in "Celebrated Libel Case" Tomorrow Indication of Fun Involved.

Col. Hesa Bird Planter vs. James DePenman is the title of the case which will be tried at the First Methodist church Thursday night in the mock trial given by the boys of Bert Cooper's Sunday school class. Planter is suing Penman for $20,000 damages for maliciously slandering him through the columns of the Golden Gulch Times.

The cast of the play follows:

Hon. William Evarts Marshall, judge—Craig Tinney.

Col. Hesa Bird Planter, plaintiff—Merrill Nixon.

James DePenman, defendant—Ralph Peters.

J. Choake, attorney for plaintiff—Chester Lyle.

Abe Howlhummer, attorney for defendant—Clark Evans.

Clerk of court—Robert Groppe.

Witnesses—David Gunn, Earl Lewis, Prof. Socrates Rawbones, Charley Skidmore.

Rejected juryman, James Thickskull—Bennie Howard.

MIGHT HAVE BEEN 28-0

At Least Maryville Piled up 7-0 Lead in Two Innings Over Mound City.

If the first two innings before it rained are any criterion by which to judge, the score would have been 28 to 0 for Maryville in the base ball game against Mound City high school. Maryville piled up a 7-0 lead in the first two innings before rain interfered.

The two innings were largely a farce. Wild pitches, wilder throws and wildest mirth were mingled. Berney Harris, Jr., knocked a three-bagger, even though falling down when rounding second in the mud, and in the second, with the rain pouring down, he made one of the "sweetest" of running catches of a line drive to center field.

Any official score keeper would have been driven to insanity if he had been called upon for a list of errors, assists and other records. One pitch hit the grand stand, and several fell before the plate was reached. Mound City's center fielder tried to cut off a man at home and threw ten feet over the catcher's head.

The two line-ups which started the game were:

Maryville—Hise, lf; Van Cleve, p; Harris, cf; Egley, c; Hagins, ss; Woodard, 3rd; Crawford, 1st; Lewis, 2nd; Selecman, rf.

Mound City—Buckley, 2nd; Miller, 1st; Wagner, ss; Weightman, lf; Gillis, cf; Thomas, 3rd; Bickel, rf; Hadden, c; Noll, p.

HERE'S POULTRY ANSWER

Mrs. Ida Klaas of Clyde Has Sold $126.85 Worth of Eggs From 220 Hens Since Feb. 25.

Mrs. Ida Klaas of Clyde has sold $126.85 worth of eggs from 220 hens since February 25. Beside this she has set fifteen hens with fifteen eggs apiece and two families used eggs from these hens up to March 20, then only one family.

This record is set over against that of Mrs. Levi Wallace, which was published April 29. Mrs. Klaas says that she would like to know what kind of chickens Mrs. Wallace has. The Clyde woman got her record with S. C. Brown Leghorns. Let's have some more records.

M. I. Circle Elects Officers.

The Mutual Improvement circle met yesterday afternoon with Mrs. R. H. Duncan. The devotions were led by Mrs. Eugene Ogden and the roll call was answered with a tribute to mothers. Following this the annual election of officers was held. Mrs. S. E. Farmer was elected president; Mrs. L. R. Holt, vice president; Mrs. Charles McNeal, secretary, and Mrs. F. M. Martin, treasurer. A delightful social hour was then spent with the hostess.

Many Attend Yeomen Social.

In spite of the bad weather a large crowd attended the Yeomen monthly social last evening. A most enjoyable time was had by all and the program included some of the best talent in the city. The program was as follows:

Piano solo, Leila Tibbetts.
Reading, Miss Jennie O'Neal.
Violin solo, Miss Besse Scott.
Reading, Miss Genie Aley.
Violin solo, Miss Blanche Gray.
Vocal solo, Miss Besse Scott.
Violin solo, Miss Edith Wilson.
Vocal solo, Mr. Preyshaw.

After the program refreshments were served and the remainder of the evening was spent in dancing.

The Yeomen are making rapid growth in this city. They have taken in 100 new members in the last six weeks. Their motto is "500 members by July 4th."—Contributed.

Eta Bita Pie and Girls Entertained by Philip Colbert.

Mr. Philip Colbert entertained the members of the Eta Bita Pie "fraternity" and their girl friends last evening with a line party at the Empire followed by a luncheon at the home of his parents, Mr. and Mrs. G. H. Colbert. After the show at the Empire the unsuspecting girl friends were taken on a long hike to the south part of town, where they expected to partake of refreshments, when they were informed that the said luncheon would be served at the Colbert home, many blocks to the northward. A most delightful evening was spent by those present.

The guests were: Misses Mary Wooldridge, Mary Lewis, Mary Heifner, Marie Wright, Georgie Evans, Brownie Helpley, Mabel Curnutt, Leota Pierpoint, Gladys Meadows, Laura Curfman, Elfreida Linville and Mrs. Fred Wagner of Mound City. The members are: Claude Glass, Kenneth Van Cleve, Martin Lewis, Jr., Forrest Gillam, Donald Hagin, Howard and Eugene Martin, Harley Hughes, Merle Selecman.

Birthday Party at Yeo Home.

Emma May Yeo entertained a number of her small friends at the home of her parents, Mr. and Mrs. L. S. Yeo, Monday afternoon in observance of her sixth birthday anniversary. The time was quickly passed playing games. In the dining room the color scheme of pink was carried out in the decorations. A large white birthday cake, adorned with six pink tapers, centered the table. The favors, tiny pink May baskets filled with white flowers and tied with pink satin ribbon bows. A three-course luncheon was served.

Camel Cigarettes

The stamp placed over end seals the package, which keeps out air, thereby preserving the quality of the blended tobaccos. By inserting the fingers as illustrated, the stamp easily breaks without tearing the tin foil, which folds back into its place.

Camels are sold everywhere in scientifically sealed packages, 20 for 10c; or ten packages (200 cigarettes) in a glassine-paper-covered carton for $1.00. We strongly recommend this carton for the home or office supply or when you travel.

What you pay out your good money for is *cigarette satisfaction*—and you get it in Camels! This *new* cigarette is an *expert blend* of choice Turkish and choice Domestic tobaccos that creates a delightful mellow-mild-body and a flavor as novel as it is refreshing! Camels are so satisfying, and smokers realize so quickly that the value is in the cigarettes, that coupons or premiums are neither looked for nor expected!

Camels leave no unpleasant cigaretty after-taste! They will not bite your tongue, will not parch your throat and will not tire your taste! Smoke them liberally without any comeback!

Prove our word about Camels by comparing them puff-by-puff with *any* cigarette at any price!

in the high hurdles running for M. U. He ran the 120 in 15 seconds flat in the Penn games last week. The performance was remarkable as it was done on grass, an event duplicated by only one other man.

Altogether thirty-four high schools of this Normal district have entered the meet and a greater event than ever is promised for Friday and Saturday. The Burlington will run the special train from St. Joseph, arriving here at 10:20.

453 Separate Entries.

There are 453 separate entries this year, the largest number there has ever been in the meet. The number of schools, however, is the same—just thirty-four entered last year. Most of the schools are entered only for the athletic events. St. Joseph Central is the only school which is entered in all five events—athletics, essays, oratory, declamation and extemporaneous speaking.

Only five schools are entered in the extemporaneous speaking contest this year: St. Joseph Central, Bethany, Hopkins, Weston and Mound City. It is the first year that event has been placed on the list.

The essays have been sent to the three judges—Prof. Arthur W. Vaughn, English department, Cape Girardeau normal school; Roy Ivan Johnson, English department, Northwest high school, Kansas City, and Victor I. Moore, English department, Arlington Military academdy, Arlington, Texas. The returns of the judges will be received this week and will be announced for the first time Friday night following the other literary contests in the Normal auditorium.

Chicken Pot Pie

The Chef's Favorite

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

Some folks think that only "colored mammies" can cook chicken, but a trial of this famous chicken pot pie disproves that assertion. Every member of the family will thoroughly enjoy it.

36

K C Chicken Pot Pie, Baked Dumplings

One fowl cut in joints; ¼ cup flour; ½ teaspoonful salt; black pepper; 2 cups flour; 3 level teaspoonfuls K C Baking Powder; ½ teaspoonful salt; ¼ cup shortening; milk or cream.

Cover the fowl with boiling water and let simmer until tender, then remove to a baking dish. Mix the ¼ cup flour, salt and black pepper with cold water to a smooth paste and use to thicken the broth. Remove the fat from the top of the broth if necessary before adding the thickening. Pour this gravy over the fowl, until it is nearly covered, and reserve the rest to serve apart. Sift together the flour, baking powder and salt, three times; into this work the shortening and use cream or milk to make a dough, less stiff than for biscuits. Put this by spoonfuls over the fowl in the dish, which it should rest upon and completely cover. Let bake about 35 minutes.

When young, tender chickens are scarce, this presents a most satisfactory way of serving old fowls. Veal or lamb prepared in this manner is more appetizing than when served as a stew. Try this and the 89 other delicious recipes in the K C Cook's Book, a copy of which may be secured free by sending the colored certificate packed in the 25-cent can of K C Baking Powder to the JAQUES MFG. CO., Chicago.

The future of the Horse Business looks very bright. "Good Draft horses were never higher in the history of the trade."—Says the BREEDERS' GAZETTE of April 6, 1916.

We have at the head of our breeding establishment, the very best in blood lines, including the well-known **CHAMPION PHENIX**. He is not only a great bred one but has the size, conformation, action, quality, finish and real Equine Character. (Horses have character as well as men), and no horse has a cleaner or more pronounced individuality. But this is not all. He is a "**Great Sire**" and has honestly acquired such title on his own merits.

He and his good sons and daughters went to the big shows six years ago, for the first time, and from that time on up to and including last fall at the State Fair, he has been Champion Sire each and every time a group of his colts have been shown. He is therefore in a class by himself as **Missouri's Greatest Draft Horse Sire.** (In fact other states have also been constantly in competition). **PHENIX** and his colts have won more Champion Gold Medals and Blue Ribbons at such shows as the great AMERICAN ROYAL, STATE AND INTER-STATE FAIRS, than any Missouri Sire, living or dead. Should there be a "Doubting Thomas" we will be glad to show you a lot of Gold Medals, and printed, official Purple and Blue Ribbons from such shows.

IMPORTED KROISEUR, if a great big black horse, weighing over 2,200, yet he has speed and action like a Hackney. He is very thick, drafty type. Note the blood lines and ask yourself the question: "Could any Percheron be better bred?" He was sired by **CARNOT**, the $40,000.00 Champion of France and America, winning over all at the great International show at Chicago, etc. **KROISEUR'S** dam is a line bred Brilliant of the most approved strains. While he has had very little show experience himself, **KROISEUR** was a State Fair winner last fall, and I expect him to show himself a great sire eventually.

The services of these horses are being had at a fee very little in excess of the very ordinary horse, and it is indeed a well demonstrated fact, that a good sire adds very largely to the mare's value as a producer.

Mares are shipped here each year from distant localities, to be mated with the horse at "South Park" by parties who KNOW and APPRECIATE the value of good breeding.

We have other well-bred Percheron stallions and also Standards and Shetlands at reasonable fees. A circular will be mailed or handed you on request. We also have young stock for sale.
